Raw Water Storage—One Lake, 1,025,000,000 capacity.

City has estimated water supply of about 4½ million gallons per day through any extended drought.

Water capacity to be increased by approximately 50%. New sewer treatment plant and a new Ciy Hall to be completed within one year.

LABOR FORCE

Labor conditions are considered excellent. It is estimated that about 5,000 persons would be available for employment from the City, Roxboro Township and the rural area of Person County, of which about 3,500 are white and 1,500 Negro. Chiefly skilled in textiles, lumber processing, tobacco redrying, etc. There is no organized labor in this area. Harmony exists between management and labor. Wage schedule is good. At present there is some labor commuting to neighboring towns which would be available for employment in this City. Some of which is skilled in various types of work.

(Continued on page 11)

(Continued from page 10)

The chief employment in Person County is about equally divided as to Industry and Agriculture. Flue-cured tobacco is the principal cash crop, however, cattle, hogs, poultry, hay, wheat, corn and oats are prominent on the farms in this area. Many of the industrial and commercial employees here live on the farm and commute to their work daily.

The City has an auction tobacco market with six tobacco warehouses covering about 175,000 square feet of space for tobacco sales. Each season about 10,000,000 lbs. of tobacco is auctioned on this market, bringing into the hands of the farmers approximately $5,200,-000.00. There is produced in Person County about 15,000,000 lbs. of tobacco each season. There is also located here a modern tobacco redrying plant. There are several grain markets and mills in the area. One poultry processing plant, and a sweet potato processing plant and market.

COMMERCIAL

The retail stores of Roxboro are probably above average for a community of this size. This is due to the wide field without competition. There is an excellent coverage in department stores, groceries, and chain grocery stores, drug stores, jewelry stores, ladies wearing apparel, haberdashery, hardware, farm implement and farm machinery distribution, automobile sales of most all makes of cars, and well equipped garages and repair shops, automobiles accessories and parts, and building materials, sporting equipment, boats, etc.

COMMUNICATIONS

Service is furnished by the Morris Telephone Co. (recently sold to Western Power and Gas Co.) with modern dial service equipment, which has connection with the American Telephone and Telegraph Co. and subsidiary companies for long distance connections.

Also, Western Union Telegraph Co. with an uptown associate office.

POSTAL RECEIPTS

1949	40,294.30
1959	72,132.86
1962	82,545.11

There are four Rural Free Delivery Routes operating from the Roxboro Post Office, and three City Routes.

COMMUNITY PRIDE AND CO-OPERATION

For several consecutive years have won high places of recognition in the "Finer Carolina" program sponsored by Carolina Power and Light Company, for communities of like size in the two Carolinas, indicating a unified effort in community improvement through co-operation.

Additional and specific information may be obtained by contacting the Roxboro Chamber of Commerce, P. O. Box 209, Roxboro, N. C.

MR. CITIZEN!

CORRECT INFORMATION...
IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

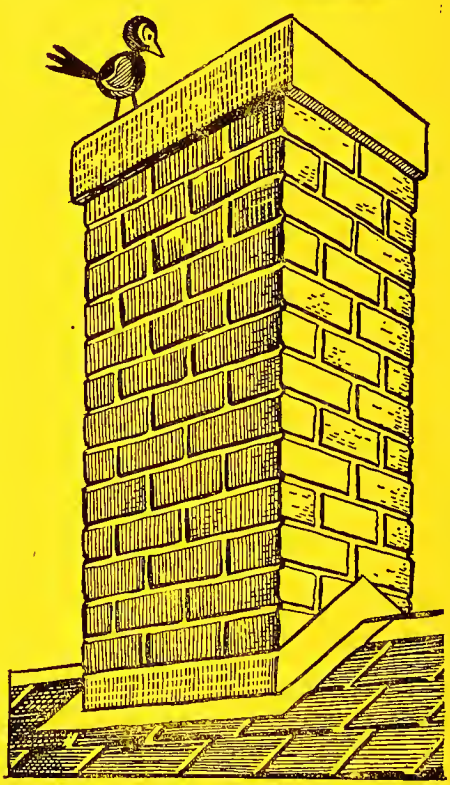
ELECTRIC POWER

where there's NO SMOKE there's NO fire

And that is the unique advantage of flameless electric househeating.

Since there is no flame, there are no products of combustion such as moisture, soot, grime or smoke. Electric heat consumes no oxygen thus insuring a clean, constant, healthful supply of air.

Still further, you gain the distinctive benefit of room-by-room control which only electric heat provides. If you are wondering how it compares in operating cost, just ask your CP&L representative to show you case histories and actual operating records. In this way, you can prove to yourself that flameless electric househeating costs no more than older methods of flame-type heat.



REMEMBER — only flameless electric heat provides matchless Medallion Living.

Street Directory
—OF—
ROXBORO, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE AND DENOTING BUSINESS PLACES

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.
(◎) Before name denotes home-owners.
(*) Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
